50th Annual

## Rausch Family Receiving 2007 SD Hereford Breeder of the Year Award

*It is a great honor to have received this award. We are proud of our years with the South Dakota Hereford Association. Thank you to all our great friends.*

Located 2 miles West of  
**Hoven, SD**  
on Hwy 20 & 47

### What is a Dam of Distinction Cow?

A dam that can at a young age produce above average in a timely and consistent manner and thereby positively affect your bottom line.

### Gold Total Performance Breeder Award

Rausch Herefords were among the first to receive the Gold Total Performance Breeder Award for submitting complete and timely data beyond the requirements of the American Hereford Association. Rausch Herefords has been on a whole herd performance program for the past 40 years. Large data bases yield the most reliable data available.

### Two Options for Viewing the Sale on Your Computer

If you have high speed, internet, you can watch, listen and bid real time with

Bid online at...  
**DVAuction** Broadcasting Real-time Auctions

**Option 1** [www.dvauction.com](http://www.dvauction.com)

#### DV Auction

View Monday's sale live. Bid online.... You're ring-side right at your own desk! Visit [www.dvauction.com](http://www.dvauction.com) to register and to apply for bidding. We recommend applying to bid at least 3 days prior to sale. You must have high speed internet.

For assistance or further information  
call (402) 474-5557 access to bid.

If you have dial up internet,  
you can watch and listen with

**Option 2** [www.livestockrus.com](http://www.livestockrus.com)

# Announcements

## Lunch

Free lunch starts at 11 a.m.

## 3 Delivery Options

- Free delivery in the Dakotas, Cooperate on farther hauls.
- Haul your own discounts: \$40 Bulls, \$10 Heifers.
- Leave here on feed at \$1.50/day, then haul your own when you want them.

## Buyer's Insurance Options

At the buyer's option, Rausch Herefords will pay 1/2 of the premium for mortality insurance purchased at the time of settlement on sale day. This option applies to the buyer of any lot in the sale.

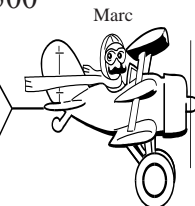

## Rausch Guarantee

All animals of breeding age are guaranteed breeders. Animals failing to breed in a reasonable period may be returned, if in as good of condition as when sold. The seller reserves the right to try said animals for five months, and if it proves to be a breeder, to return same animal to station of buyer at the buyer's expense.

## Welcome to Our 50<sup>th</sup> Annual Bull & Female Sale

Our family is both humbled and excited at the same time as we prepare for and invite you to this sale. We are humbled and grateful for all the years that our valued customers have kept us in business. You have taken us through the thick and thin years of the past half century, and for that we are most grateful. The friendship you have given us is so rewarding that words cannot describe the feeling. We feel like our customers are our extended family. We also appreciate the feedback you give us on your purchases, for it guides us in our decisions in our breeding program.

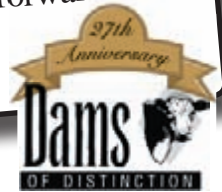

This year's offering has had a great fall and winter to perform at their full potential. This helps them display the quality and consistency bred into them. Many of the herd sires are surpassing our expectations and are crossing exceedingly well on the multiple bloodlines within the cow herd. We think there is something new in the offering for each of our customers. We strive to test and offer a variety of both Polled and Horned bloodlines. You will find bulls with calving ease and bulls of high performance in the offering. In fact, you will find that they rank at the very top of the breed in those traits.

The cropmates to the offering in the sale have performed exceedingly well to this year. You will see in the catalog that many of our customers have sent in pictures of results in the showing. The steers in the feedlots in Kansas finished out around 100 pounds above what the computer rations said they would. This along with the source and age premiums added favorably to their profitability.

It is exciting to hear that both Greater Omaha packing plant in Omaha, NE and the National Beef plants in Kansas are planning to increase their harvest of Certified Hereford Beef animals in 2008. This will create more pull through demand for Hereford genetics in the feedlots. We are also excited to hear that research is bearing out what most cattlemen already know, and that is black baldies out perform the straight blacks. The economics of ranch to finish affords a \$78 dollar per head advantage.

We are hopeful that you can come view the cattle on sale day. We look forward to answering your questions and making new friends.

The Rausches

America's No. 1  
Dams of Distinction cow herd.  
(Based on efficiency)

### "Information overload simplified for the commercial cattleman"

All in Rausch Herefords' catalog this year.

\$\$\$ Indexes that affect your bottom line 

Black Cow  
\$ Index

#### **BMI Index**

- Combination of weighted traits that affect the bottom line when mating the Hereford bull on Black Cows.

Heifer Bull  
\$ Index

#### **CEZ Index**

- Animal's potential for use on Heifers.

Feedlot & Carcass  
\$ Index

#### **CHB Index**

- Animal's ability to perform in the feedlot & on the rail.

Total \$ Advantage  
Index

#### **Total of Economic Indexes**

- What is relative to your bottom line.

#### **What \$ indexes can do for you.**

- Assist and hasten your selection process.
- Analyze and weigh traits economically.
- Create \$\$\$ you can take to the bank.
- Measure how your breeder has been selecting traits that affect your bottom line.

## Performance accuracy is enhanced in large groups.

Performance data is based on averages.

The larger the group measured, the more significant the average.

(Example, if you average 4 head and add one more, the average can change more than if you average 40 head and add one more.)

Polled, Dehorned & Horned
